

## **SWE PRINT ORDERS**

Delivery times for prints are usually up to 2 weeks for prints from UK artists, or 4 weeks from artists based abroad. Prints are generally sent to you direct from the artist themselves, and we anticipate that most orders will continue to be dispatched - and arrive - within the period specified on the order form (see p.2).

However, given the widespread impacts of the coronavirus, delivery times are currently often longer than we're used to, and individual artists may not be able to dispatch prints immediately. We therefore need to extend the period of delivery.

Please add another week to delivery, and allow up to three weeks for delivery of prints from UK artists (and five from overseas). If delivery is likely to take longer than this, you will be contacted with further information. However, we do expect most orders to arrive with you within these times.
